

Who this form is for

When we refer to 'Standard Life' we mean 'Standard Life Assurance Limited'.

This form is for people who are applying for a Standard Life pension or Pension Contribution Insurance. Please read the notes contained in this form.

Filling in this form

Material facts are facts that in our view would be likely to affect our assessment of the risk and any terms offered by us.

The answers you give to the questions on this form are used to assess the risk of the insurance contract for which you are applying. The questions are to obtain material facts likely to be relevant, for example information about your health. If you are in any doubt about whether or not to disclose any fact, you should nevertheless give the details on the form. You must also tell us of any change of circumstances that would change an answer to the questions if the change happens before your cover starts. **If you fail to do this, we may refuse to pay a claim on your policy and you could lose the payments made in respect of this cover.**

You do not need to tell us about the result of any genetic test you have had. You must, however, tell us if you have symptoms or a family history of genetic disease. We will take account of a negative test if you choose to disclose this to us.

Important Notes

By completing this form you are applying to enter into a contract with Standard Life. This Application, together with the Application form for your Standard Life pension or Pension Contribution Insurance as appropriate, will be the basis of this contract if you accept any offer of cover made.

If you are receiving advice from a financial adviser, remember that the adviser is acting on your behalf not only by giving advice, but also regarding the way in which the form is completed.

A copy of the standard terms and conditions of the contract and the completed Application form will be given on request.

Read the notes at the side of this form carefully.

Please use BLOCK CAPITALS to fill in this form. Do not use correction fluid if you make a mistake. Please initial any changes.

If any questions are completed on your behalf you must read the answers given and check that they record correctly what you have said.

It can then be forwarded in a sealed envelope marked 'Private and Confidential, for the attention of the Chief Underwriter', and attached to this application. It will only be opened and read by staff of the Company carrying out underwriting duties for us. Please note, however, if you are receiving advice from a financial adviser, some information on your medical history may be needed by the adviser to give you advice.

All staff of the Company are subject to a Code of Practice which requires that all information obtained be treated as confidential. There is a specific code of practice concerning confidentiality of medical information. A copy of this is available on request from Marketing Underwriters, Dundas House, 20 Brandon Street, Edinburgh EH3 5PP. Access to any medical reports we obtain is restricted to authorised staff.

Medical information about you will not be given to any third party without your consent except to a reinsurance company, as previously mentioned, or to your GP. We may disclose the results of your medical examination to your GP if, in our opinion, they reveal a condition which your GP may not be aware of. Part 5 Access to medical reports

We may need to get medical reports to support your application. Before we can ask any doctor that you have consulted to fill in a report, we need your permission under the Access to Medical Reports Act 1988. Your rights under the act are as follows.

You do not need to give your permission, but if you do not, we may not be able to go ahead with your application. This does not prevent you from applying to other companies for insurance.

You can ask to see the report before the doctor returns it to us. If this is the case, we will tell the doctor to keep the report for 21 days so that you can arrange to see it. If you have not made arrangements to see the report within this time, your doctor will send the report to us.

If you choose not to see the report at this stage, you may ask the doctor for a copy within six months of it being sent to us. We can send a copy of the report to your doctor if you ask to see it at a later date.

If you think that any part of the report is not correct or is misleading, you may ask the doctor to amend it. If your doctor refuses to make the amendments, you may ask him or her to attach a statement outlining your views, which will then accompany the report.

Your doctor can withhold access to the report if he or she feels that it would cause physical or mental harm to you or others.

The medical report your doctor fills in asks about the following:

- Your current health.
- Any care, medication or treatment you are currently receiving.
- The results of referrals or tests you are waiting for.
- Any time off work in the last three years.
- Your past health.
- Details of any relevant illness, trauma, or referrals for specialist advice or treatment, hospital admissions, consultations with your GP or any other medical adviser, therapist or counsellor, in particular whether you have a history of:
 - malignancy (cancer), cardiovascular (heart) disease, diabetes, and degenerative (gradually worsening) diseases;
 - musculoskeletal disease or injury, for example, arthritis, rheumatism, back problems or any other disorder of the joints or muscles;
 - anxiety, depression, neurosis (such as phobias, obsessions and so on), psychosis (a mental disorder where you lose contact with reality), stress or fatigue;
 - suicidal thoughts or attempts at suicide; or
 - conditions related to drug or alcohol misuse or smoking or chewing tobacco.
- Details of any biopsies, blood tests, electrocardiograms (heart tests), height, weight if measured in the last two years, urinalyses (tests on urine), x-rays or other investigations.
- Any blood pressure readings in the last three years.
- Any history of disease among your parents or brothers or sisters that you have told your doctor about.

We have asked your doctor not to reveal information about:

- negative tests for HIV, hepatitis B or C;
- any sexually-transmitted diseases unless there could be long-term effects on your health; or
- predictive genetic test results unless there is a favourable test result which shows that you have not inherited a condition your family suffers from.

The information you and your doctor provide about your health may result in us:

- refusing to provide insurance;
- increasing payments above standard rates; or
- setting payments at standard rates.

If you have any questions about your rights under the act or questions relating to the process of getting, assessing or storing medical information, please write to:
